

Dear Maggie & Peter

We had a fabulous evening on Tuesday at the IJR Reconciliation award when we (Symphonia & Partners for Possibility) received the Reconciliation award *'for enlivening reconciliation by helping to bridge the social, economic and geographic divides between the business and education sectors'*.

We are so appreciative of all the people from our Pfp community who were able to attend the evening with us:

Archbishop Tutu made a beautiful speech – something along the lines of “When God looks at the worlds he cries but when he looks at what Symphonia does, he smiles”. He also honoured us by holding a mock-up copy of the **Partners for Possibility** book (which will hopefully be in stores from early January. . . .

With much appreciation for your active citizenship

Louise

Ps. We are looking for business leaders to partner with principals in **Paarl, Durban, Pretoria, Vanderbijlpark, Stellenbosch, Cape Town & Lephalale** – Leadership Circles will launch in February 2014
